The first of the new rules specifies that any Member of the Union may submit a proposal for a subject item to be discussed by a Standing Committee at a future Assembly. The deadline for the submission of proposals is 15 days before the opening of the Assembly preceding the one where the subject is to be discussed.</i>		

	New Rule 16bis	<p>SELECTION OF SUBJECT ITEMS RULE 16bis</p> <p>Any Member of the Union may submit a proposal for a subject item to be discussed by a Standing Committee at a future Assembly. Such proposals shall be deposited with the Secretariat of the Union no later than 15 days before the opening of the Assembly preceding the one where the subject will be discussed.</p>	
5.2	<p>Description of the modification: <i>A Standing Committee takes decisions concerning subject items to be discussed at future Assemblies on the recommendation of its Bureau. When the Committee is called to take the decision, the only proposals in order, other than those included in the recommendation of the Bureau, shall be earlier proposals submitted within the statutory deadlines but not accepted by the Bureau. If such a proposal is resubmitted, the Committee will first decide whether to consider it.</i></p>		<p>Meanwhile, the subjects of the Committees are being chosen during the meeting of the Assembly in its first session, and through the Bureaux of the Standing Committees, and based on the consultations conducted by the Bureaux with the Geopolitical Groups, then they are to be approved in the Assembly.</p> <p>This means the absence of clear and definite Standards for choosing the subjects. Accordingly, the UAE Parliamentary Division suggests the following :</p> <p>The Bylaw is to set specific Prerequisites for the subject to be included and studied in the sessions of the Assembly. These Prerequisites should be under consideration by the Bureaux of the Standing Committees, so that there will be objective standards for discussing the subjects before the Bureaux of the Committees. Consequently, no subjects will be raised for study based on unclear considerations. The UAE Parliamentary Division deems that these Standards could be related to the following :</p> <ul style="list-style-type: none"> ▪ The extent of the impact of the issue or the subject on the international situations in peace, security and international stability. ▪ The extent of the impact of this subject on the international economic situations and the associated developments, particularly within the framework of the emerging reflections of the economic interactions. ▪ The impact of the subject or the issue on the world social situation, particularly concerning the issues and interests of the peoples, and the crises from which many peoples of the world are suffering from. ▪ The subject's focusing on the common international standards and values, related to the Principles of the International Law and the International Humanitarian Law, and the Principles of the United Nations, and the Conventions current in the various Regional Organizations. ▪ The UAE Parliamentary Division deems that if these Standards have not been available in a subject, then the issues and the subjects with the following features can be chosen :

New Rule 16ter	<p>RULE 16ter</p> <p>16ter.1. A Standing Committee shall decide on the subject item to be proposed for discussion at the next Assembly (cf. Assembly, Rule 15.3) after hearing the recommendation of its Bureau.</p>	<p>This Rule requires more details. So, we suggest the following :</p> <p>A- To add an Item related to the Standards through which the subjects will be accepted or rejected.</p> <p>B- To have a clear voting mechanism to the proposals submitted to the Parliaments before the Committee, where a short period of time can be given for explaining and presenting before the Committee the subjects submitted by the Members, so that to vote thereabouts later on.</p> <p>C- It is necessary for the Committee to give its opinion in the suggested subjects through a Table that shows the chosen subject and the basis of choosing it, and also the other subjects, and the reasons for not taking by them, where the Table is to be distributed to the Committee Members before adequate time</p>
	<p>16ter.2. When the Committee is called upon to take a decision on the subject item to be proposed for discussion at the next Assembly, the only proposals in order, other than those included in the recommendation of its Bureau, shall be earlier proposals submitted within the statutory deadlines (cf. Rule 16bis.1) but not accepted by the Bureau.</p>	
	<p>16ter.3. If a Standing Committee receives a request from a Member of the Union to consider a proposal that was not accepted by the Bureau, the Standing Committee shall first decide whether to consider such a request.</p>	
5.3	<p>Description of the modification:</p> <p><i>The authors of a proposal for a subject item are entitled to present it in person to the Bureau, which will consider all such proposals and formulate a relevant recommendation to the Standing Committee. A Bureau member cannot present a proposal on behalf of a delegation. When considering the proposals, the Bureau may combine two or more suggestions into a single proposal, put forward another subject item or decide to submit more than one proposal for the Standing Committee to choose from.</i></p>	
New Rule 16quater	<p>RULE 16quater</p> <p>16quater.1. The Bureau shall consider all duly submitted proposals for subject items to be</p>	

		discussed at future Assemblies and shall formulate its recommendation to the Standing Committee.	
		16quater.2. The authors of proposals (cf. Rule 16bis.1) shall be invited to present them to the Bureau.	
		16quater.3. A member of the Bureau cannot present a proposal on behalf of a delegation.	
		16quater.4. When considering the proposals for subject items to be discussed at future Assemblies, the Bureau may choose one of the proposals, combine two or more of them into a single item, put forward another subject item or decide to submit more than one proposal to the Standing Committee.	To delete the Phrase “choose one of the proposals” completely, or it could be replaced by : “recommend one of the proposals”
5.4	Description of the modification: <i>The Bureau of a Standing Committee may transmit to the Bureau of another Standing Committee its suggestions for subject items to be discussed by those Committees at future Assemblies.</i>		
	New Rule 16quinquies	RULE 16quinquies The Bureau of one Standing Committee may convey to the Bureau of another Standing Committee its suggestions for subject items to be discussed by that Standing Committee at future Assemblies.	
6. Rapporteurs			
	Rules of the Standing Committees		
6.1	Description of the modification: <i>In the appointment of rapporteurs, every effort will be made to respect the principle of gender equality and ensure the representation of young parliamentarians.</i>		We suggest to set a mechanism that ensures neutrality in preparing the Reports, and the non-influence of the political trends of the two Rapporteurs in the preparation of these reports and drafts. We also suggest to determine Standards for selecting the Rapporteurs. Therefore, the UAE Parliamentary Division has given its opinion that it is necessity to comply with the opinions and viewpoints of the Geopolitical Groups in the Reports (See Pages 16-19).
	New Rule 12.3	12.3 The appointment of rapporteurs shall take into account the principles of gender equality and equitable geographical distribution. Every effort
