THE SITUATION IN GAZA

Explanatory memorandum submitted by the Inter-Parliamentary Group of Oman, on behalf of the Arab Inter-Parliamentary Union

Israel waged a three-week war on the Gaza Strip, ending with the declaration of a unilateral cease-fire on 18 January 2009.

After a week of air strikes, Israeli tanks and ground forces entered the territory, flattening several neighbourhoods and industrial areas near the border.

Israeli troops used excessive and random force through the entire period of its act of aggression, resulting in the killing of 1,417 persons, 926 of whom were civilians, including 313 minors under the age of 18 and 116 women. A total of 5,700 persons were injured. In all, 15,000 houses and hundreds of businesses were destroyed. Some 158 schools and UN targets were hit, while fruit trees and large swathes of cultivated land were ruined. Many irrigation systems, water wells, warehouses and greenhouses were damaged or destroyed.

As a result of this act of aggression and the ongoing blockade imposed on the Gaza Strip, 65 per cent of Gazans live below the poverty line and 37 per cent live in extreme poverty. Sixty-six per cent of the unemployed are extremely poor. Over 1 million of the 1.4 million inhabitants of Gaza live in precarious conditions as most households in the Gaza Strip have only limited access to basic amenities such as food, water, electricity and sanitation.

Against this backdrop, Israel continues its settlement, construction, house-demolition and land-confiscation activities in and around Jerusalem, in particular and the West Bank in general.

Such acts are flagrant violations of international humanitarian law, a number of UN resolutions and peace agreements, and only serve to deteriorate the situation and undermine opportunities for peace in the Middle East.
THE SITUATION IN GAZA

2. Calls in the strongest terms on the Israeli authorities to allow unimpeded access to humanitarian assistance and aid and insists on the permanent reopening of all crossing points to the Gaza Strip and on the lifting of the blockade so as to allow the movement of goods and persons without any restrictions whatsoever, and further calls on Israel to lift restrictions on the movement and access of Palestinians within, to and from the entire occupied Palestinian territory;

3. Calls on donor countries to honour the pledges made at the Sharm El-Sheikh conference on the reconstruction of Gaza via the Palestinian-European socio-economic management and aid mechanisms and the World Bank Trust Fund;

4. Condemns Israeli settlement, construction, expansion and other similar activities anywhere in the occupied Palestinian territories, including East Jerusalem, and expresses its outrage at plans to build 73,000 new units, including in the "E-1" area, and calls on Israel to cancel orders for the destruction of 88 Palestinian homes in Silwan, East Jerusalem;

6. *Calls on* Member Parliaments to ensure that all weapons delivery from their respective countries to Israel are immediately stopped and *calls for* an investigation, based on strong evidence, into the use of white phosphorous munitions and DIME weapons, and bringing to justice those responsible for war crimes and the destruction of public and private property in the Gaza Strip;

7. *Urges* nationals and companies of the countries of Member Parliaments to refrain from any trade or commerce in or with Israeli settlements or enterprises in settlements built on the occupied Palestinian territories;

8. *Calls for* the release of all Palestinian detainees, especially elected members of the Palestinian Legislative Council, notably Dr. Aziz Dwek;

9. *Calls on* the Knesset to refrain from passing any legislation that contravenes international law, and which could undermine the peace process;

11. *Recognizes* the right of the Palestinian people to resist occupation until full independence is attained and their independent State with East Jerusalem as its capital is established within 1967 borders, and *regards* the peace process as one indivisible whole based on international legitimacy and relevant UN resolutions, with particular emphasis on Security Council resolutions 425, 338 and 242 and General Assembly Resolution 194 on the right of return of Palestinians;

12. *Encourages* tangible steps towards intra-Palestinian reconciliation, including support for the mediation efforts of Egypt and the League of Arab States, as expressed in the Arab League’s resolution of 26 November 2008, and consistent with Security Council resolution 1850 and others;

13. *Welcomes* the fact that the Middle East Quartet is considering holding an international meeting in Moscow in 2009.
