Developing results-oriented planning and monitoring processes: towards sustainable outcomes
Strong planning and reporting frameworks are integral to influencing positive change and development. A review of practices/features making planning and monitoring frameworks sustainable and conducive to change. A 15-minute presentation will be followed by break out groups that will discuss the following questions:

- Why is it important to institutionalize planning and monitoring practices to improve decision-making and accountability regimes?
- What mechanisms and good practices are integrated in your own planning processes?
- How can your own planning and reporting framework be developed?

Moderator: Mr. Martin Schmidt, Managing Partner, SPM Consultants
